The rooms formerly occupied by the Secretariat Branch Press consisted of one large room and one small room A portion of the large room is now occupied by the Legislative Department whose former room was made over to the Chief Court, and another portion by the Vernacular Records, the old papers in which are now being systematically re-arranged The small room is used for miscellaneous purposes by this Office, for Clerks doing any special work such as that connected with Dasara Proceedings, for accom--modating any new Officer and so on The Secretary well knows how all the rooms in the Office are overcrowded, and that there is not enough room for the requirements of this Office Mr Ananda Rao has been asking for a room for his officials, which we have not as yet been able to give him

4 The proposal to take a portion of this building which has not yet served Government as a private house does not commend itself to me. Can we not obtain a portion of Govt Bungalow for the office? From

To

The Secretary to the Government of Mysore,
General and Revenue Departments
Bangalore

SIR,

With reference to Order No 3726-8 dated 16th September 1899, Gd 133 I have the honour to inform you that I have engaged a house in Bangalore on a rental of Rs 150 a month from 1st October 1899, as there was no other suitable house available within a convenient distance from the office. I request that Government may be pleased to sanction the amount of rent actually paid until free quarters can be given to me in accordance with Order No 10223-5 Gd 230 dated 5th March 1899

2 The crowded state of the Public Offices in Bangalore gives me little or no hope that it will be possible to remove the Education Library to Bangalore for several years to come if accommodation has to be found for it in a Public building. It will cause me and the Translator as well as the Text-book Committee and the Local Examination Board much inconvenience if the Library is left in Mysore for any length of time Under these circumstances I think it best to accommodate the Library in two sufficiently large rooms of the house which I have engaged for my occupation in Bangalore and trust that this arrangement will be acceptable to Government.

I have the honour to be,
Sir,
Your most obedient servant,

From

To

Secretary to the Government of Mysore in the
General and Revenue Departments, Bangalore

Sir,

With reference to Government Order No 9970-2/H 1992 dated 23rd December 1901 I have the honour to inform you that rooms mentioned in para 1 of the Order which are offered for the accommodation of the Educational Library are really only one room measuring 21x16' with a narrow strip behind an arch which looks as if it is intended for a bath room It is absolutely impossible to put into this one room nine almirahs one officer's table, one librarian's table one long table in two parts each 5'x5' of which the legs cannot be folded and eight chairs The long table is intended for Educationl Papers and for educational meetings One more almirah of Hindustani and Persian books has been left behind at Mysore in the Normal School and has to be brought here soon The room has only one window and it is in a dingy state at present

2 To put the Educational Library into an out-of-the-way room of the Central Press is in itself a very great disadvantage, even if it could afford sufficient accommodation But the accommodation

fered is altogether insuffecient and unsuitable Under these circumstances until Government can provide better accomodation fot the office of the Inspector General the Educational Library and the office of the Manager of the Local Examinations all of which have insufficient and unsuitable accommodation at present I request that the Educational Library may be left where it is.

I have the honour to be

Sir

Your most Obedient Servant

J. H. Venkata Rau

H J BHABHA, Esq., M A
Inspector General of Education in Mysore,

To

H. V. Vanmudayya Esq. M.A. M.L.,
Secretary to the Govt. of Mysore,
Jeneral and Revenue Dept.
Bangalore.

Sir,

With reference to Order No. 11845-6 / No. 1704 dated 18th January 1902, I have the honour to inform you that I have not the slightest desire to delay even effect to the Order of Government. But I find that the room offered by the Superintendent of the Press for the Educational Library is so small that it can not possibly hold all the almirahs, tables and chairs of the Library.

2. I have to point out the erroneous representations made by the Superintendent of the Government Press. He has again and again

the tiered Room in the Jhansi which he is offering for the accommodation of the Library, whereas it is only one room that has been pointed out as available by the Manager of the Press to my Assistant. Secondly in the Order quoted above it is stated that the Superintendent reports that "the Inspector General of Education is not inclined to comply with the Order" This is a representation for which there is no foundation in fact and which he had no justification to make.

I have the honour to be,
Sir,
Your most obedient servant,
H J Bhabha
Inspector General.
